# OPPORTUNITIES AWAIT YOU

**Wisconsin's technical colleges will guide you to your destination, even if you're uncertain about where that is. When you enter a technical college, you'll meet staff and faculty eager to welcome and inspire you.**

Your decision to pursue a focused, practical education at a technical college gives you many choices. You can be as involved and engaged in your college experience as you want, but if you're like many students, college is one of many responsibilities you balance. Wisconsin's technical colleges offer what you need to grow and succeed, no matter where your journey takes you.

## YOUR EDUCATION OFFERS A WIDE RANGE OF OPTIONS:

- 1 Build your future with skills gained through hands-on learning and expert instructors who know their industries inside and out and are eager to assist you on your journey.
- 2 Gain experience and build confidence by learning new skills using the latest tools and technologies.
- 3 Achieve your goals while carrying out your responsibilities. You have many options through flexible scheduling and course delivery options.
- 4 Focus on the classes and learning you need to succeed. We provide support systems that will help you do just that.
- 5 In addition to an outstanding, focused education, we offer everything you need to make the most of your journey and grow. Professional groups and clubs, student government, study abroad, honor societies, leadership development, athletics and residence halls are just a few ways to challenge yourself along the way.

LEARN MORE!

# LIFELONG LEARNING

## OPEN DOORS TO MANY OPPORTUNITIES.

The world is rapidly changing. New technology will replace some jobs with entirely new careers that require new skills. Your technical college education will equip you for the challenge.

Employers — many of whom rely on our graduates as future skilled employees — partner with us to ensure you receive a high-quality and relevant education. Whether you want to pursue a certificate, a degree or a credential, technical colleges will equip you with technical and critical thinking skills. If you want the option of continuing your education in the future, you can:

- Begin with a university transfer associate degree program at a technical college, then later transfer to a university.
- Start in a technical program at a technical college and take advantage of over 700 program-to-program transfer agreements with other colleges or universities.

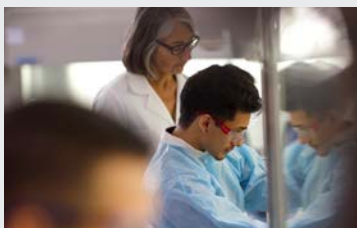

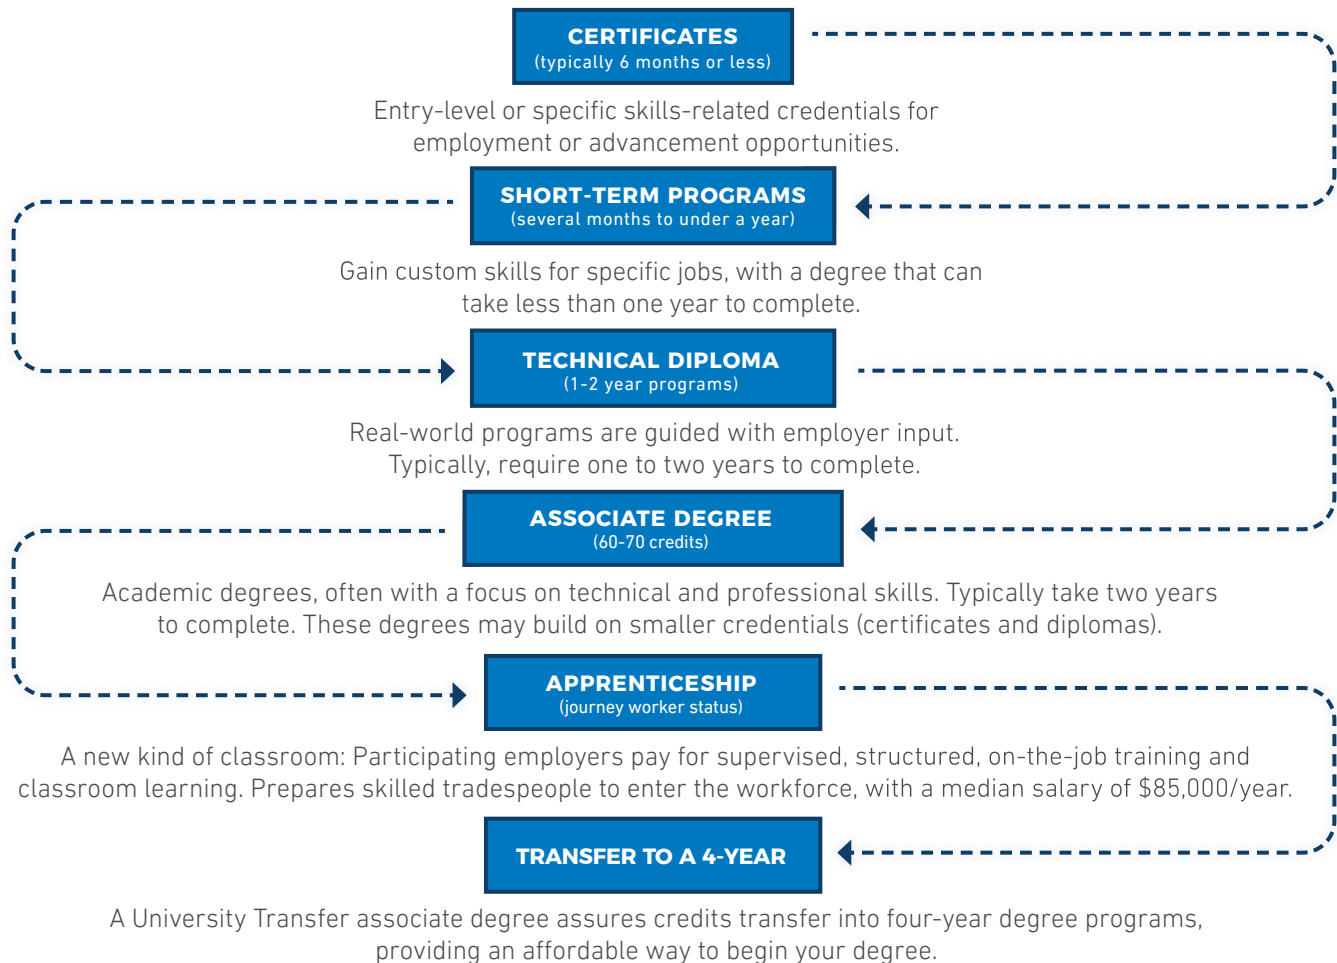

Technical college classes, while rigorous, also have fewer students and include practical labs or simulations that enhance learning. These focused classes will broaden your knowledge and experience. Technical colleges have the added benefit of affordability, so you don't break the bank on your way to your career.

## TECHNICAL COLLEGES CAN CREATE OPPORTUNITIES AT ANY POINT IN LIFE:

- Students may earn college credits for free in high school, saving both time and money on college credits.
- Veterans can build on or add to their military experience and leadership skills with credit for prior learning.
- Professionals develop new skills and may earn industry certifications.
- Technical college students or graduates can transfer their credits to a four-year university or college toward a degree.
- Bachelor's degree holders can gain targeted workplace skills to develop technical skills, talents and career prospects.
- Employers can invest in their employees by supporting continued learning and job growth.

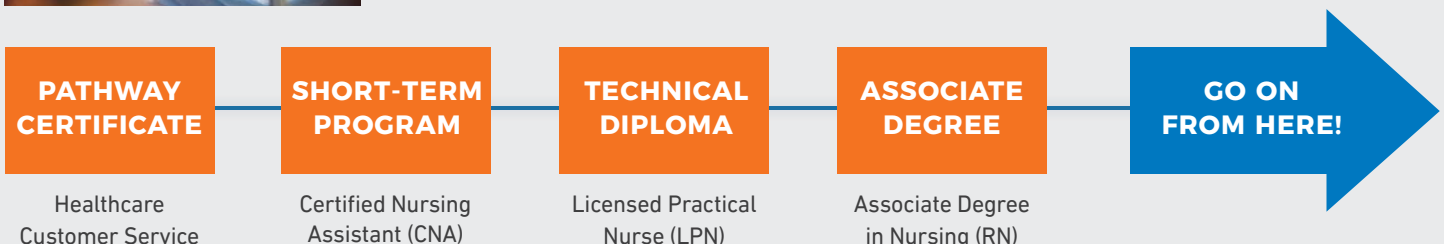

# DEGREES FOR EVERY NEED

Career pathways allow you to dream big while starting small; your technical college offers tons of flexible options. You can start with a shorter program or certification and add on skills and credentials. Or you may already have a bachelor's degree and want to add specific skills. There are many ways to build on your skills and marketability to reach the next level of your career.

## A CAREER PATHWAY IN ACTION

Below is an example of a possible path a student might take if they are interested in health care. Each step adds credentials and improves the student's career outlook. Students can start at any point along the path.

# EARN CREDIT BEFORE COLLEGE

## DUAL CREDITS

### ADVANCED STANDING AND TRANSCRIPTED CREDIT

Did you know you can earn college credits while in high school? The more college credits you earn in high school, the closer you will be to earning your college degree. Some students who plan carefully may even complete a college degree or diploma while still in high school. This valuable opportunity gives you a head start on your degree while saving you time and money.

### START COLLEGE NOW

If you're a qualifying junior or senior in high school, you can take college courses at a Wisconsin technical college. Approved courses count toward high school graduation and college credit.

Visit [WTCSystem.edu/dualcredit](http://WTCSystem.edu/dualcredit) for more information on earning college credits while still in high school.

## YOUTH APPRENTICESHIP

Youth Apprenticeship offers excellent opportunities for high school students. Participating students can earn college credits and explore careers on the path to high school graduation. The employer covers the college costs and also pays the student for part-time work under the supervision of a skilled mentor.

**Youth apprenticeships are available in many different industries, including:**

- Agriculture
- Finance
- Manufacturing
- Marketing
- Health Sciences
- Food and Natural Resources
- Architecture and Construction
- Information Technology (IT)
- Science, Technology, Engineering and Math (STEM)
- Transportation, Distribution and Logistics
- Arts, A/V Tech and Communications
- Hospitality, Lodging and Tourism

# TRANSFER OPTIONS

## YOUR COLLEGE. YOUR CREDIT. YOUR PATH. YOUR LIFE.

These are your credits to transfer whenever and wherever you want to go in your education or career.

Wisconsin's technical colleges offer a variety of certificates and degrees that build on each other, giving you more options for progressing at your own pace. You can move between institutions to gain additional credentials or degrees and improve your career potential.

## IN TRANSFER CREDITS INTO A TECHNICAL COLLEGE

If you have previously attended another college or university, you may be able to transfer credits, receive existing credits or earn new credits for skills and knowledge you gained at that college. Wisconsin's technical colleges also grant college credit for career-related learning, work experience and military service.

## OUT TRANSFER CREDITS INTO A UNIVERSITY (program-specific or university transfer)

All 16 technical colleges have program-specific transfer agreements with four-year private colleges and universities, including the Universities of Wisconsin. Many transfer agreements also transfer to colleges and universities in other states.

All of Wisconsin's technical colleges also offer an Associate of Arts or Science degree (also called University Transfer). If eligible, you'll receive junior status when transferring into a college at the Universities of Wisconsin.

***You should verify your credit transfer status with both institutions to ensure you will qualify.***

97%

of Wisconsin's technical college graduates are satisfied or very satisfied with their education

WANT TO LEARN MORE  
ABOUT OUR TRANSFER OPTIONS?

WTCSystem.edu/transfer

# KEEPING COLLEGE AFFORDABLE

**Wisconsin's technical colleges are affordable and save time, which saves you more money.**

## **WISCONSIN RESIDENT**

**Degree and Diploma Program:**

----> **\$149.50 per credit**

**Associate of Arts & Science Degree:**

----> **\$188.90 per credit**

## **OUT-OF-STATE RESIDENT**

**Degree and Diploma Program:**

----> **\$224.25 per credit**

**Associate of Arts & Science Degree:**

----> **\$283.35 per credit**

## **PROMISE PROGRAMS & OTHER SCHOLARSHIP OPPORTUNITIES**

Many of Wisconsin's technical colleges are making college possible for qualified, low-income students in their respective technical college districts. Promise programs are funded privately through relationships with local partners. These programs allow new high school graduates — who otherwise may be unable to attend technical college because of low family income — to earn a degree tuition-free. Check with your technical college of choice to see if it offers these opportunities.

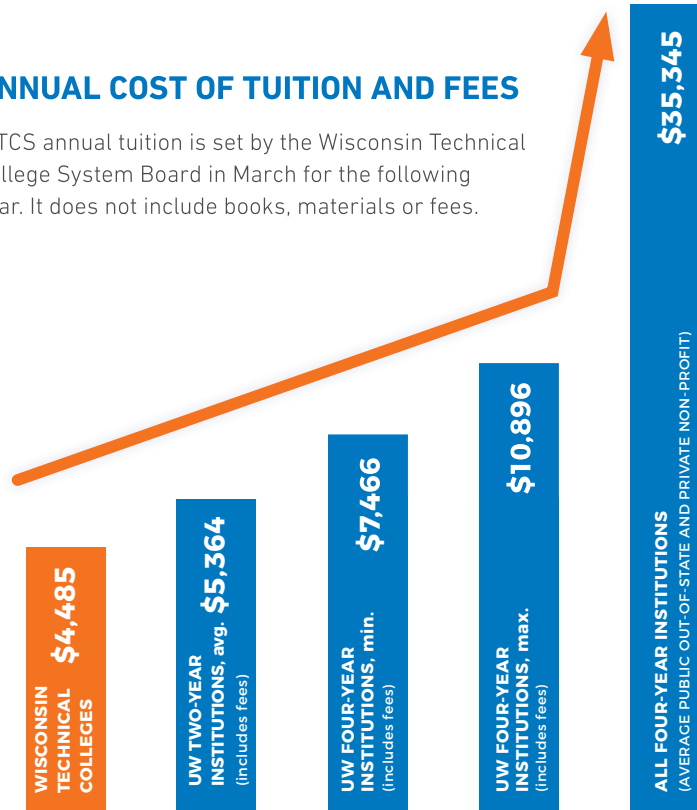

## **EDVEST 529 COLLEGE SAVINGS PLAN**

The Edvest College Savings Plan is designed to make it easy to save for college while creating tax advantages, even on a modest budget. Open an account with as little as \$25 per investment option. Some contributions may be tax-deductible up to a certain amount; learn more at [edvest.com](https://www.edvest.com).

## ANNUAL COST OF TUITION AND FEES

WTCS annual tuition is set by the Wisconsin Technical College System Board in March for the following year. It does not include books, materials or fees.

**Sources:** WTCS Tuition Work group; UW HELP System Tuition Chart  
The College Board 2024, College Costs: Calculator

## FINANCIAL AID

Students seeking financial aid should complete the Free Application for Federal Student Aid (FAFSA). The FAFSA determines whether you can receive state and/or federal funding. You will only know if you are eligible for financial aid if you apply. It's well worth the effort.

There are some helpful resources from the U.S. Dept. of Education at [fafsa.gov](https://fafsa.gov). You can also contact the college's financial aid department to confirm due dates, ask questions, etc. The FAFSA application cycle occurs from October 1 through June 30. Since aid is awarded on a first come, first serve basis, please complete the FAFSA as soon as possible to improve your chances of receiving aid.

## COLLEGE GOAL WISCONSIN EVENTS

College Goal volunteers help students and their families complete financial aid application forms, including the FAFSA. Between November and January, there are typically over 30 events across the state. Learn more at [collegegoalwi.org](https://collegegoalwi.org).

## SHARED PROGRAMS

To provide more program options, a college may collaborate on (or share) a program with another college, offering some classes at each institution. Students seeking financial aid must apply at the degree-granting college that will process and pay the financial aid.

# A COMPLETE COLLEGE EXPERIENCE

## A PATH THAT FITS YOUR LIFE.

Many people's ideal college experience includes both personal and professional growth opportunities.

A technical college experience offers flexibility and support in addition to an excellent education. There are numerous ways to carve your path and enrich your life. In addition to the many faculty and staff dedicated to your success, many systems and resource-rich facilities exist to help you make the most of your education.

### CAMPUS FACILITIES      SUPPORT SERVICES

- Student lounges
- Health clinics
- Childcare facilities
- Writing labs
- Cafés and cafeterias
- Library and technology resources
- Student support groups
- Emergency assistance grants
- Employment / Career centers
- Campus food pantries
- Tutoring

## IT'S NOT JUST SCHOOLWORK.

If you want to expand your experience, explore interests, meet people, and challenge yourself, our student life opportunities are numerous and broad. Several technical colleges offer residence halls. Here are a few examples of how you can get involved, engaged and ensure a fulfilling experience.

- College intramural sports
- Professional groups and clubs
- College extramural teams
- Leadership development activities
- Honor Societies
- Student government
- Drama, journalism, and arts
- Study abroad opportunities
- NJCAA (National Junior College Athletic Association) sports, including Esports
- Service-learning opportunities to give back to the community using your practical skills and knowledge

You can begin with as few as two credits or earn a complete diploma or degree. **YOUR FUTURE IS IN YOUR HANDS.**

## CAREER-FOCUSED EDUCATION

High-tech and skilled positions now account for 60% of Wisconsin jobs in industries, such as advanced manufacturing, health care and IT. Our career-focused classes are led by instructors who are experts in their fields and eager to share their knowledge.

An associate degree can put you on the path to transferring those credits into a bachelor's degree, whether you pursue a career-focused degree or a university transfer opportunity. We offer more opportunities than ever. In fact, as technology changes, many students who have already earned a bachelor's degree enroll at a technical college to earn a career-focused degree in a relevant, fulfilling and growing field.

## CONNECTING JOB SEEKERS AND EMPLOYERS

Wisconsin's technical colleges offer dedicated career service specialists to help you accomplish your career goals. These services may include reviewing your resume, providing tips to find an internship, or practicing interviewing questions to land that perfect job. A free online platform named Handshake features a statewide employment listing connecting over 16,000 employers with technical college graduates and students seeking employment.

- Post your resume online and benefit from a network of employers whose needs match your skills.
- Get email notifications of available jobs relating to your program.
- Search all employment opportunities and get customized results.
- Discover the employers who viewed your profile and those who have messaged you.

## SERVING THE NEEDS OF OUR VETERANS

### BENEFITS FOR VETERANS AND MILITARY PERSONNEL.

More veterans are enrolling in college than ever before. Wisconsin's technical colleges have expanded services and assistance to recognize veterans' military service and commitment through credit for prior learning and experience. These valuable credits apply toward a new credential, saving time and money! GI benefits help veterans access hands-on education, and the technical colleges help mold veterans' hard-earned experience around future career possibilities. Let the technical colleges help you develop and promote your talents in a field that matches your skills.

# CHIPPEWA VALLEY

## FOR YOU. FOR LIFE.

At CVTC, our students' dreams are our mission. The learning opportunities are endless, and the support surrounding our students is second to none. With 165+ programs, certificates, apprenticeships and a wide selection of continuing education options, we offer fast, flexible and affordable opportunities to jumpstart your future or continue your educational journey.

We work closely with business and industry leaders across our 11-county district to ensure that our graduates are prepared to succeed and can find a career in their desired field upon graduation close to home.

Our industry-connected instructors have years of real-world experience and will help you develop the skills you need to pursue your dream. Last year, CVTC served over 17,500 students, with our associate degree graduates earning an average starting salary of \$54,110!

More than 95% of our students are employed within six months of graduation, with the majority remaining in the Wisconsin workforce and an impressive 82% landing jobs in their field.

CVTC offers a unique experience to help you thrive and grow both personally and professionally. Whether you are a high school student looking forward to the future, an adult searching for a new career, or simply want to take a class, **Let CVTC show you how we can be there for you, for life!**

## REAL EXPERIENCE FOR THE REAL WORLD.

Lakeshore Technical College offers over 70 degree programs across 13 focus areas, including Advanced Manufacturing, Business Management and Administration, Healthcare, Public Safety and Culinary Arts. Even more impressively, Lakeshore offers program and course transfer options with all University of Wisconsin campuses, nine private in-state colleges, and 10 out-of-state colleges — more than 500 total transfer opportunities.

These agreements continue to grow each year, and students can save thousands of dollars in tuition, fees, housing and personal expenses. On average, students save \$6,000 in tuition and fees alone by staying at home and attending Lakeshore for their first two years instead of attending a four-year college. Those savings are significantly higher when considering housing costs.

**COLLEGE YOUR WAY**

Lakeshore strives to offer higher education your way. Some students prefer online classes, while others prefer night classes, and still others prefer something more traditional. All programs offer personalized attention from instructors experienced in their fields. Whether you're seeking an associate degree to begin your career or want to further your education, Lakeshore is your starting point.

For more information on individual Lakeshore courses or programs that transfer to other colleges, visit [gotoltc.edu/transfer](http://gotoltc.edu/transfer).

## IN DEMAND.

Mid-State Technical College's graduates lead transformed lives. With over 90 programs and certificates to choose from, there's one that's perfect for you, and we'll help you find it. Our welcoming, supportive environment includes a dedicated academic advisor and free tutoring services. You'll also learn from instructors with years of real-world experience and enjoy smaller classes, the latest technology, and flexible scheduling.

**TRANSFER SOLUTIONS**

We offer 180+ transfer agreements with over 50 different four-year colleges and universities, including all UW schools. Our University Transfer degrees are designed for students looking to transfer an associate degree to a four-year degree-granting college or university.

**A HUB FOR INNOVATION**

Mid-State is constantly adapting and innovating to meet the needs of students and their future employers. Our Advanced Manufacturing, Engineering Technology, and Apprenticeship (AMETA™) Center offers several new programs to meet the growing demand for new technical skills in industrial careers ([mstc.edu/AMETA](http://mstc.edu/AMETA)). We are also home to central Wisconsin's premier Healthcare Simulation Center ([mstc.edu/sim-center](http://mstc.edu/sim-center)) and the LEAD Center, supporting leadership growth ([mstc.edu/lead-center](http://mstc.edu/lead-center)).

**AN EXPERIENCE TO REMEMBER**

Mid-State students enjoy many perks. Choose from a wide variety of clubs and organizations and start impacting your communities long before graduation. We also offer study abroad opportunities through our Global Education programs and dorm living.

It's your time to be in demand and find that perfect fit. **Learn more at [mstc.edu](http://mstc.edu).**

# MILWAUKEE AREA

## PROUD TO BE MILWAUKEE'S ALTERNATIVE.

With high-quality education, low-cost tuition, flexible start dates and small classes, MATC is proud to be the Milwaukee area's alternative to going to — and paying for — college or career training. We also offer a more affordable path to a four-year degree through more than 40 college/university transfer partners.

### OUR GRADUATES ARE SUCCESSFUL:

- **\$50,022 average starting wage** for associate degree grads
- **\$48,225 average starting wage** for technical diploma grads

### WHY DO 30,000+ STUDENTS CHOOSE US?

MATC features innovative technology for hands-on learning, instructors with real-world experience, bilingual programs and staff, internship and clinical placement opportunities, and assistance connecting to careers or four-year partners. We offer resources for needs outside of class: childcare, food, housing and transportation.

MATC's full-ride and free-tuition scholarship programs make it an affordable option for eligible students. The MATC Promise covers eligible students' tuition costs, up to 75 credits after scholarships and grants are applied. The Ellen & Joe Checota MATC Scholarship Program covers the total cost of a technical diploma or certificate program, allowing students to enter the workforce faster. See [matc.edu/scholarships](http://matc.edu/scholarships) for details about both scholarships.

### FIND THE PROGRAM THAT'S RIGHT FOR YOU!

Learn more about our high-quality academic programs — we have more than 180 — and start your application. [matc.edu/apply](http://matc.edu/apply).

## IMAGINE WHAT'S NEXT.

At Moraine Park Technical College, our mission is more than words; it is a promise to inspire, educate and uplift our communities. With campuses in Beaver Dam, Fond du Lac and West Bend, and regional centers in Horicon and Jackson, Moraine Park serves more than 14,000 students from many walks of life each year.

As a leader in Wisconsin's higher education landscape, the college offers endless opportunities for learning and professional development including over 100 associate degrees, technical diplomas, apprenticeships and certificates, and customized training opportunities.

**In the last year,**

- Overall enrollment grew by over 4%.
- The Automation, Innovation and Robotics (AIR) Center in Fond du Lac opened, offering labs with advanced technology that mirrors industry settings.
- The pass rates for the college's health programs exceeded national averages.
- K-12 partnerships grew by over 40% — giving high schoolers more opportunities to earn college credentials.
- The college created more than 20 articulation agreements with local universities, guaranteeing junior status at partner schools and making obtaining an advanced degree more affordable than ever before.
- The college was named as a Best-in-Class employer by Gallagher.

While Moraine Park's rich history of providing education to our district spans more than 100 years, there is so much opportunity ahead and we have only just begun ... Imagine What's Next.

Experience Moraine Park through the stories of our students at [morainepark.edu/today](http://morainepark.edu/today).

# NICOLET COLLEGE

## NICOLET WORKS FOR YOU.

Whether you want to earn a degree or transfer to a university, Nicolet College will work for you. Our 70+ programs provide hands-on learning so you can develop and apply skills directly to a career or a higher degree. With transfer agreements, pre-major options, and liberal arts and sciences degrees, you can take a direct path toward your bachelor's and beyond. Plus, multiple start dates, a flexible pace, online programs and low tuition work to make college accessible and affordable for you.

### HERE'S HOW NICOLET WORKS FOR OUR STUDENTS

*"Nicolet College helped me to pursue the career of my dreams — to be a dentist!"*

— Cricket, University Transfer

*"The tuition was so affordable that I could go to college and not have a ton of debt. That was a huge relief."*

— Nick, Criminal Justice

*"The small class sizes were really nice because I created relationships with my peers and I had more one-on-one time with my instructors which was really helpful."*

— Lindsay, Associate of Arts

*"My instructors were extremely helpful and knowledgeable. They were always willing to support me and had so much experience to share."*

— Matt, Information Technology

*"Nicolet works because it offered a close to home location, the hours and times of my classes were very flexible, and it offered me a friendly and supportive environment."*

— Val, Early Childhood Education

## START HERE. GO ANYWHERE.

At Northcentral Technical College (NTC), you can choose from over 190 programs in the most in-demand fields, including Agricultural Sciences, Utilities, Transportation, Business, Engineering + Advanced Manufacturing, Health and Public Safety.

Our flexible learning options meet you where you are and guide you where you want to go. So whether you want to learn in person, online, or decide day-by-day, based on your preferences and schedule, we're here to help you succeed.

**AFFORDABLE.**

With our affordable tuition, beginning at NTC just makes sense. Students graduate with less debt and start earning faster.

**EMPLOYABLE.**

Ninety-two percent of grads from classes 2020 - 22 in the labor force reported being employed within one year of graduating. In fact, many students get jobs even before they've crossed the graduation stage.

**TRANSFERABLE.**

Continue learning by transferring to one of our 45+ public and private university partners, including the opportunity to earn your Associate of Arts or Science through NTC's new University Transfer Degree.

**ENJOYABLE.**

We invite you to live, connect and grow as you fully embrace the full Timberwolf experience. Our state-of-the-art facilities feature the latest and greatest technology and labs to help you transition to the workforce. Live on campus at Timberwolf Suites, participate in our collegiate Esports team, join intramural sports or clubs, and take advantage of all NTC campus life offers.

## SOAR HIGHER WITH US.

Imagine this: You're thriving in a career you love. And making a difference every day. For your community. For your family. For you.

It all starts at NWTC, where you can excel in a flexible, career-focused degree tailored to your specific goals. Match your interests with one of our 200-plus academic programs (if you're unsure of your career path, we can help!). Complete a micro-credential to quickly advance your career. Choose how and when you want to learn — in-person or online, during the day, at night, or on the weekend.

### UNAPOLOGETICALLY AFFORDABLE PATH TO A BACHELOR'S DEGREE

Begin your bachelor's at NWTC and save thousands in tuition. We have transfer agreements with over 40 other colleges/universities. All NWTC associate degrees have one or more transfer options.

### UNIVERSITY TRANSFER AND GENERAL STUDIES

With our two-year Associate of Arts and Associate of Science transfer degrees, you can complete your general education credits at NWTC and transfer to one of our partner colleges/universities as a junior.

### EXPERIENCE COLLEGE LIFE

- Live music, student clubs, multicultural events and much more are all part of life at NWTC.
- Travel and learn through numerous study abroad opportunities. Our students have traveled to Thailand, Belize, Ireland and many other countries.

## EXPERIENCE. SUCCESS.

### AN INNOVATIVE EDUCATION

Northwood Tech is a nationally top-ranked and Military Friendly® college, known for its commitment to academic excellence, personalized instruction and hands-on learning. The college provides dynamic opportunities for career preparation and personal growth. With more than 100 years of innovative education, Northwood Tech continues to focus on "Student First" while embracing innovative theories, techniques, and technologies to ensure success in a changing world.

### COLLEGE WHERE AND HOW YOU WANT IT

Take classes that fit your lifestyle, whether online, in-person, hybrid or livestreaming, giving you the ultimate flexibility and the support you need to succeed. Northwood Tech's hands-on, high-tech education will give you the confidence and skills you need to **Experience. Success.** The college offers over 100 career programs and certificates, including 13 unique programs to Wisconsin.

### STAY CLOSE TO HOME OR GET AWAY

You can choose between campuses in Ashland, New Richmond, Rice Lake, Shell Lake and Superior; outreach centers in Balsam Lake, Hayward and Ladysmith; and a new state-of-the-art Health Education Center. Explore a new location and take advantage of student housing offered nearby or stay close to home.

### SEAMLESS TRANSFER

Northwood Tech's University Transfer Degrees allow you to complete up to 72 credits of general coursework that transfers seamlessly toward a bachelor's degree within the Universities of Wisconsin. All associate degree programs also have at least one articulation agreement with a four-year college or university.

# SOUTHWEST WISCONSIN

## THIS IS WHERE YOU BELONG.

Southwest Tech serves a variety of students — with differing backgrounds and goals. The thing they all have in common is that they belong. At Southwest Tech, everyone is welcome.

Faculty and staff care about you and your success. At Southwest Tech, faculty and staff unite to create a support network for every student. We provide the knowledge and support to help students make better program decisions and enroll in courses consistent with those decisions. Every single one of our students has a unique student success plan. From prospective students to thriving employees, we are with you every step of the way!

Our programs offer work-based learning opportunities leading to high-wage careers. Southwest Tech offers 60 degree and certificate programs, many of which can be completed online. Every program includes work-based learning opportunities to engage and interact with industry experts, while learning essential employability and technical skills necessary for today's workforce. Work-based learning can take various forms, such as practicum, clinical and internship courses, apprenticeships and other course-based learning experiences in which students interact directly with potential employers.

**The knowledge, experience, and degree you earn from Southwest Tech will lead to a high-wage career!**

## HANDS-ON HIGHER ED.

Applied learning, state-of-the-art technology, instructors with real-world experience, transfer options and employer connections are just a few reasons students choose Waukesha County Technical College — and have been doing so for more than a century.

The college offers flexible learning options, with hands-on and interactive courses available in traditional, online, and hybrid formats. Faculty effectively combine theory with practice, and everyone at WCTC is committed to student success.

### WE'LL HELP YOU ON YOUR WAY

We offer 170+ programs in high-demand fields. Many career pathways are available for those interested in earning credentials in stages and building toward advanced certificates, technical diplomas or associate degrees — all leading to skills that can immediately be applied to the workforce.

### GET A HEAD START WHILE STILL IN HIGH SCHOOL

WCTC offers multiple ways for high school students to earn high school and college credit simultaneously, including the Exceleerate initiative, Dual Enrollment Academy, Start College Now, Transcribed Credit and Youth Apprenticeships.

### A WELL-ROUNDED EDUCATION

WCTC's diverse student organizations help you strengthen networking and leadership skills. Internships provide real-world experience and often lead to employment. Service learning allows you to integrate education while giving back to the community. On-campus resources feature a variety of tutoring services and career planning tools; and if you need financial assistance, we can help there, too.

# WESTERN

Western Technical College

## IT'S ABOUT FINDING WHO YOU ARE.

College is where you meet new friends, try new things, and earn a degree that provides the life you want. At Western, you can do that and a whole lot more.

Get the full college experience by living in our 200-bed, suite-style residence hall. Hang out with your friends at the Union Market — complete with fresh, made-to-order food, comfy couches, and large-screen TVs. Join one of several clubs and organizations, student government, or one of three competitive NJCAA sports teams, including an Esports team!

### IT'S ABOUT THE ESSENTIAL EXPERIENCE YOU NEED

You want a career that's right for you, and Western can help you get there. Health sciences, public safety, transportation, business or information technology? Western has more than 100 career options. Our instructors have the essential experience required to teach you the skills you need with the help of the latest technology.

Not to mention that 100% of our associate degree and technical diploma programs provide volunteer opportunities and real-world work experiences. Build your resume while you learn from local employers!

### AND THE CHOICES YOU WANT

Maybe you want to start here and transfer there? No problem. In addition to our Associate of Arts and Associate of Science degrees, we have transfer agreements with universities both near and far. Take up to two years of generals at Western and transfer to almost any four-year college, or take advantage of our program-to-program agreements to save thousands on the same education.

1. \_\_\_\_\_  
 Legal name: Last                      First                      Middle

2. \_\_\_\_\_  
 Former last name(s) (if applicable)

3. \_\_\_\_\_  
 Current mailing address

4. \_\_\_\_\_  
 City                      State                      Zip Code

5. \_\_\_\_\_  
 Permanent address (if different)

6. \_\_\_\_\_  
 City                      State                      Zip Code

7. (    )                      (    )  
 Primary phone number                      Secondary phone number

8. \_\_\_\_\_  
 E-mail address

9. \_\_\_\_\_  
 Date of Birth (MM/DD/YY)

10. Gender:  Male  Female  Prefer not to answer

11. Are you a U.S. Veteran, Active Duty Armed Service Member, or a current member of the National Guard or Reserve?  Yes  No

12. Are you in the U.S. on a Visa?  Yes  No

12a. If yes, Visa Type \_\_\_\_\_ Visa No. \_\_\_\_\_

13. I am a resident of (circle one): City / Village / Town

13a. \_\_\_\_\_  
 City/Village/Town                      County                      State

14. \_\_\_\_\_  
 Name of high school district in which you now reside

The following questions are confidential. Your responses will help the technical college evaluate recruitment and retention practices and will not affect admission to the college.

15. Select highest degree earned by either parent:

None                       Bachelor's degree  
 High school diploma                       Associate degree  
 Master's or beyond

16. The following questions relate to racial and ethnic identity. Please respond to both questions.

16a. Are you Hispanic or Latino (a person of Cuban, Mexican, Puerto Rican, South or Central American or other Spanish culture or origin, regardless of race)?  Yes  No

16b. Select any other group or groups that apply to you.

American Indian or Alaska Native. A person whose ancestors include native peoples of North and South America (including Central America), and who maintains a tribal affiliation or community attachment.

Asian. A person whose ancestors include native peoples of the Far East, Southeast Asia or the Indian subcontinent (including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand and Vietnam).

Black or African American. A person whose ancestors include any of the black racial groups of Africa.

Native Hawaiian or other Pacific Islander. A person whose ancestors include the native peoples of Hawaii, Guam, Samoa or other Pacific Islands.

White. A person whose ancestors include native peoples of Europe, the Middle East or North Africa.

17. I wish to attend \_\_\_\_\_ Technical College at \_\_\_\_\_ Campus

18. Have you attended this college before?  Yes  No If yes, last year and semester attended \_\_\_\_\_

19. List previous colleges and universities attended (official transcript will be required for credit transfer) \_\_\_\_\_

College/University Name	City	State/Province	Date Attended	Date Graduated
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____

20. Please provide the semester you wish to begin:  Fall  Spring  Summer (if applicable) Year \_\_\_\_\_

21. Program/major choice \_\_\_\_\_ Program number (if known) \_\_\_\_\_

22. Are you a high school graduate?  Yes  No If yes, date of graduation (month/year) \_\_\_\_\_

23. Name of last high school attended \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_

24. If you did not complete high school and receive a diploma, have you completed either of the GED Tests?  Yes  No or HSED?  Yes  No  
 If yes, date completed (MM/YY) \_\_\_\_\_ Test Center \_\_\_\_\_

25. Select the highest credential received:

No credential (No GED or higher)                       High school diploma                       1-year diploma                       Associate degree plus additional credential  
 GED                       Some college (postsecondary credit)                       2-year diploma                       Bachelor's degree  
 HSED                       Short-term diploma                       Associate degree                       More than Bachelor's degree

26. I certify that the information on this application is true and complete to the best of my knowledge \_\_\_\_\_  
 Signature                      Date

# A PROGRAM FOR EVERY INTEREST!

Wisconsin's technical colleges are nimble. We've been offering online and in-person classes for a long time, and we're ready for whatever comes next. As quickly as the economy changes, the colleges respond to employer needs by offering new programs and certificates to match available jobs. That means the list of more than 500 programs offered at the colleges is always evolving – visit [wtcsystem.edu/programs](http://wtcsystem.edu/programs) for the most up-to-date offerings.

Production Planner	61-182-5	P														★		
Purchasing Agent / Buyer	61-182-4	P														■		
Small Engine Repair Specialist	30-461-3	S													★			
Supply Chain Assistant	31-182-1	1	★	■	■	■	★	★					■			■		
Supply Chain Management	10-182-1	A	★	■	■	■	★	★	★				■	■		■	★	
Supply Chain Professional	30-182-3	S															★	
Supply Management	30-182-1	S							★									
Transportation - Logistics	30-182-2	S							★									
Truck Driving (CDL Class A)	30-458-1	S	★	★	★				★			★		★			★	
Vehicle Refinishing and Repair Technology	10-405-3	A		★														

Degree Types: P = Pathway Certificate; S = Short Term; 1 = 1-year Technical Diploma  
2 = 2-year Technical Diploma; A = Associate Degree

Note: Completion times based on full-time credit enrollment. Some online programs may require occasional campus visits. Check with your college to confirm.

# APPRENTICESHIPS

# FOR YOUR FUTURE!

## APPRENTICESHIP IS A UNIQUE PATHWAY TO A CAREER.

Like other program offerings, apprenticeships combine on-the-job training with classroom instruction, giving you tremendous skills and knowledge to succeed in your career. Apprenticeships also offer great job prospects and family-supporting wages. Unlike other program offerings, many participating employer-sponsors cover the tuition and fees as an investment in your success and growth opportunities.

Where apprenticeships were once common only in skilled trades like construction and manufacturing, apprenticeships are recognized as such an effective way to educate and prepare workers that they are now available for some service careers including finance, IT and health care.

If you want to earn money from the start and have a great chance to finish without student debt, an apprenticeship may be just the right opportunity. For the latest listing of apprenticeship offerings, please visit [wtcsystem.edu/apprenticeships](http://wtcsystem.edu/apprenticeships).
